GREAT BRITAIN ACCEPTS U. S. PLAN IN SPIRIT AND PRINCIPLE

Arthur Balfour, Speaking For British, Asks Only Two Reservations to Naval Program

SUBMARINE AND REPLACEMENT

Would go Farther Than America in Restricting the Big Cruising Submarines, He Says

LEAVES IT TO CONFERENCE

Carlo Schanzer of Italian Delegation Lauds Clear Bold Position Taken by Hughes

(By United Press)

The great powers of the world today approved in principal America's sweeping proposals of limitation of naval armaments.

One after another the official representatives of Great Britain, Ja pan, Italy and France rose in con ference and accepted the America program in modified terms.

Britain asked certain reservations to the proposals as to submarine tonnage and replacement. Japan indicated she would ask slight modification of the replacements proposal France urged that limitation of land armament be brought up speedily Italy gave unqualified approval to the the American plan.

Hughes expressed gratification at the acceptance of the powers and indicated he believed the success of the conference was assured.

The conference adjourned to meet on call of the chairman.

Washington, Nov. 15.—America's plan for a drastic cut in naval armament was officially accepted today in spirit and principle by Great Britain through its greatest statesman, Arthur Balfour.

He asked only two reservationson submarines and replacement. Even a greater reduction in submarines than was proposed by the United States was the essence of the British reservation in this respect. Britain explained through Balfour & conference. "No," ne cried. "The thirty-two years ago, and two years Great Britain was willing to acsigned for an official purpose should be banned.

As to replacement, he stated that that Great Britain was willing to accept the ten year naval holiday but gave no details, merely stating that Great Britain was willing to leave

clear bold position taken by Hughes took the title roles. in his program of action.

Balfour opened his speech by paying a high compliment to the statesmanship of Secretary Hughes.

Hughes reported the formation of the committee to handle armament limitation, composed of the delegations of the five principal powers. This committee, he said, would have power fully to go into all questions involved and make recommendations to plenary sessions of the confer-

Likewise he reported formation of a nine power committee on Far Eastern questions. The committee organization was approved by the conference without dissention.

"It will now be in order for the conference to listen to general discussion on proposals heretofore made by the United States government," said Hughes.

Balfour thereupon began his

Is it strange that the world is

happy. Is it strange that politicians, Washington is the center of world regardless of their private views, fall into line and applaud? There is contagion in a crowd.

Every one who has attended a national political convention of eith-What a lesson in international er of the great parties knows how enthusiasm will spread until cold hearts become warm and skeptics become enthusiasts. A staid delegate who have wagered that nothing could move him, catches the spirits of the crowd, jumps upon a chair, waves his coats and yells and then when the excitement is over, wipes wonders what it was that got him into such a frenzy.

> This is more than a political convention and this stirring of the heart is not as ephemeral as a wave of applause. It looks as if the world

war is not only undesirable but unnecessary. It has started out to

MISSING MAN SEEN ADJUTANT GENERAL IN THIS VICINITY

Thorough Search Being Made For Robert D. Vinson, 37, Farmer Of Near Summitville

FRIEND OF FRANK MULLINS

Him in Mays Saturday-Unbalanced, Left Home Nov. 6

Robert D. Vinson, age thirty-seven years, a prominent and influential farmer living near Summitville, Madison county, who has been missing from his home since Sunday morning, November 6, has been seen in northern Rush county and a thorough search is being made for him in that vicinity.

Frank Mullins of Mullins and Taylor, Incorporated, of this city formerly of Madison county, who is a very good friend of Vinson's was notified Sunday evening of the mysterious disappearance of Vinson. and on Monday got a trace of him.

He learned that the missing man was seen by at least six persons in Mays Saturday and that he had been seen the Thursday before at a or Ahrens-Fox, and prices range public sale near Bentonville. It has The speech was applauded to the from \$8,50 0to \$11,00 for a 600 already been established that Vingallon, combination hose, chemical son was in Greenfield last Tuesday This leads to the opinion that he was traveling east on the national road and that he strayed south into

Another report was received today that a man answering Vinson's description was seen on the streets of Rushville Saturday night, but this has not been definitely confirmed.

Vinson is very easily identified, ac cording to Mr. Mullins. He is five feet, eleven inches tall, weighs 165 pounds, has dark hair, dark eyes. medium complexion and a deformed little finger on his left hand.

When he left home, Vinson was dressed in an old suit of blue overalls, blue waist, blue shirt, black fur cap which pulled down over the ears and black felt shoes such as are usually worn in artics.

small. His friends believe that he plishments and needs of the public found the overcoat some place in his schools in the county. wanderings.

Mr. Mullins says that at least one hundred persons in Madison county are searching for Vinson, and any trace which may be obtained of him in this county, it is urged, should be reported to Mr. Mullins at once. One of Vinson's friends was here Surday evening and left a number of cards bearing a picture and description of the missing man.

Fifty dollars reward is offered for the recovery and return of Vinson. It is presumed that when he left home, he was laboring under a mental strain and this his mind was un-

INSPECTS ARMORY

Gen. Harry B. Smith, Accompanied by Two Aids, Here Today on an Inspection Tour

GUEST OF CAPT. WILL B. BRANN

Adjutant General Harry B. Smith commander of the Indiana National Guard, was in Rushville today on an inspection tour, and inspected the local armory in South Perkins street which has just been completed for the Rushville guard unit. He stated that the building was well adapted in every respect.

He was accompanied here by Miss Hardy, chief quartermaster, and Miss St. Clair, chief of the finance inspection, in the office of Adjutant General Smith. They were entertained at lunch today by Captain Will B. Brann of Company C.

The inspection party left here for Greensburg where they will also make an inspection, stopping off later this afternoon for an inspection of the tion. Price was arrested last week armory at Shelbyville.

The local armory has been renodeled on the interior, and a heating plant installed. The building formerly was used as a paint shop by Wade Sherman, but was originally built as an armory several years ago.

ETERNAL PROBLEM **BEFORE FARMERS**

Question of How To- Make More than in the late trading Monday. Money Confronts Annual Convention of Federation

PROSPERITY IS ESSENTIAL

Unless Farmer Succeeds, E. E. Reynolds, Treasurer, Says, Other Business Can Not Prosper

nal question of how to make more Penna 351 off 1/8; U. S. Steel 821/8 money confronted farmers of the up 3-8; Asphalt 623/4; Pan Ameristate who met here today to attend can pet 50; Norther Pac 761 off 1/8; the third annual convention of the Indiana Federation of Farmer's Associations.

Officers of the federation were to present figures showing that prosperity of the farmer is essential to prosperity in other industries. If the farmer does not receive equitable returns for his products, he is not able to buy the products of the factories which are consequently forced to close their doors, E. E. Reynolds, treasurer of the organi zation, said.

"The Indiana Federation of Farmer's Associations plans to bring higher prices to the farmer and lower prices to the consumer," Reynolds said. "To succeed in this it will be necessary for the consumer as well as the farmers to give the farmer's organization their support."

· Big organized industries have taken advantage of the farmer in the past, Reynolds said, by dictating the price he shall receive for his products.

Delegates were expected here from each of the ninety-two counties of the state. A county-wide organization exists in every county. The attendance was expected to reach 10,000.

National leaders in farm organization movements were on the program. These included C. H. Gustafson, of Chicago, president of the United States Grain Growers, who was to speak on "Co-operative Marketing". Governor McCray was to talk this afternoon.

Bryan Sees Parley as Lesson In International Morality

Continued from Page One whole basis of international rela-

tions is to be changed. The same reasons that lead to the

reduction of navies will lead to the reduction of the armies. In fact, in this country, the demand for the reduction of the army is more unanimous than the demand for the reduction of the navy.

And what about the Far Eastern question and the Far Western question and the foreign questions of every kind? They will cease to be questions of disputes when navalism and militarism disappear. When "come let us reason together" is substituted for ultimatums backed by force, all questions are easy of settlement.

MUST PAY EXTRA TO PLACE FUEL IN BINS

Now Purchasers of Coal Must Pay From 25 to 50 Cents in Addition to \$9 to \$15 a Ton

RETAILERS HAVE NEW RULES

Peru, Nov. 15.—Times have changed since soft coal sold at \$4.50 a ton and hard coal at \$6 a ton in northern Indiana, for now purchasers must pay from 25 to 50 cents in addition to \$9 and \$15 a ton or must place the fuel in bins themselves, if the bins are not easily accessable from the street.

Drivers now stop at sidewalks in the business district of northern Indiana cities and dump the coal on the walks or in the gutter and it is up to the purchaser to engage the services of some other person to shovel it into the coal hole. In the residential districts the fuel is dumped upon the lawns.

the new ruling of retailers, pay for United States. coal and on returning to their homes find it lying in the front yard or on ted, is both reasonable and accepthe lawn outside the yard. In one instance coal was delivered to a Peru man and was dumped in the proposed by the United States gutter in front of his place. A heavy should be made in submarine cutrain storm flooded the gutter and tings, British naval experts are inhalf of the coal was washed away. clined to think, Balfour said.

PILES ENTIRELY

The Long Standing Case of Mrs. E. Walhelen was Cured by Miro Internal Treatment.

Mrs. E. Walhelen of Dayton, O., writes: "Regarding your wonderful discovery, Miro. I tried almost every kind of pile remedy on the market, read about Miro, and after taking one bottle can truthfully say I am entirely cured. There is no pile remedy on the market to compare with Miro. I can't praise it enough and the price is so small compared to its wonderful merits. Anybody affiicted with piles who tries a bottle will find this

statement true." The discoverer of Miro desires all sufferers to know that he doesn't want a cent of anyone's money unless Miro Pile Remedy conquers even the worse cases and he has instructed druggists all over the country to guarantee it in every instance.

Through your druggist, we sell Miro Internal Treatment and guarantee it to give complete satisfaction or your money will be refunded. Your druggist also carries Miro Anticonstipation pills and Miro Pile Ointment for itching piles.

Clashes Reported Between Deposed Dictator of Lower California And Federal Troops

By FRANK BARTHOLOMEW (U. P. Staff Correspondent)

Calexico, Calif., Nov. 15.—A carefully planned revolt threatened to throw northern Mexico in open warfare against the Obregon government today.

Clashes were reported all along the line between the supporters of Estaban Cantu, deposed "dictator" of Lower California, and federal

American cavalry patrolled the California border in an effort to prevent gun running. ,

The general belief all along the border is that Cantu is aiming at a Engineers and Locomotive Engine higher plan than the mere unseating of Epigmence Ybarra, his successor to the governorship. Both parties saw in his revolt an attempt to align the whole of northern Mexico against the Obregon regime.

The boundary line from Sonora to the Pacific ocean was a trail of powder, threatening momentarily to explode from the showering sparks of clashes along both sides of the

FOR THIS SEASON Rickard and Other Promoters Have

NO SUITABLE OPPONENTS

a Double Difficulty in Arranging

Championship Bouts

Other Instances Where Title Holders Refuse to Submit Themselves to Any Comer

By HENRY L. FARRELL (U. P. Staff Correspondent)

New York, Nov. 15-When the Walker boxing bill was passed, New Yorkers sat back and dreamed of a championship bout every week.

Tex Rickard did his best to make the dreams come true last winter, but the prospects are not so good as the new season approaches.

Rickard and other promoters have double difficulty in arranging championship bouts. In some divisions there are no suitable opponents for the champions and in the other classes where talent is more plentiful, the title holders refuse to fight to a decision.

Benny Leonard, the lightweight king, has stated emphatically that he will not box in New York because of the general incompetance of the judges appointed by the boxing commission to weigh the merits of

Leonard is not the only one to criticize the poor work of the officials. Boxers of all divisons and the fans have observed that some glaring injustices have been done by the judging. There has been no charge of "crooked work'. The boxers complain merely that the judges are doing bad work because they don't know better.

of course, will not fight in New York. That is no dig at the judges however, because the middleweight three years the "Topics of the Day" ring for a decision fight, Jack Brit-Benny Leonard, who is rapidly or we miss our guess: reaching his poundage. Incidentally, the Britton-Leonard bout seems a sure thing before the winter is over. Johnny Kilbane is willing to risk his title in the Garden, but he isole. wants so much money for the risk that even Rickard can't meet his

The bantamweights are about the only ones willing to get in and listen to the decisions but they are having a let of fun passing the title around among each other. They figure, perhaps, that if they go in the ring often enough their opponent will get a bad decision and they will get a

LARGEST MOVABLE STATE UTILITY RATES GET THIN DAM IN THE WORLD

Two Day Ceremony Attends Dedication 18 Miles Below Evansville in Ohio River

PROMINENT MEN TO SPEAK

Henderson Dam, Begun 11 Years Ago, Cots Approximately \$3,500,-000-Lock 600 Feet Long

Evansville, Ind., Nov. 15-Dedication of the largest movable dam in the world, 18 miles below Evdays of ceremonies.

Several hundred delegates to the Ohio Valley Improvement Associations convention in session here Tuesday and Wednesday will be taken on government vessels to the recently completed link in the canalization of the Ohio.

Included on the speaker's pro-

Senator W. B. McKinley, of Illinois: Representatives B. L. Rosenbloom, West Virginia, and Guy E. Campbell, of Pittsburg; Major General Lansing H. Beach, chief of engineers U. S. Army; Oscar F. Barrett, Cincinnati, president of the Ohio Valley Improvement Association; John H. Small, Washington, president of the National Rivers and harbors Congress; Albert Bet-States army engineers.

The Henderson dam, began 11 years ago, cost approximately \$3,-500,000. During high water its wickets slide to the bottom of the river giving a free channel one half mile wide. Its lock similar to locks of other dams on the river between Pittsburgh and Evansville, is six hundred feet long, 110 feet wide and has a lift of approximately 13

sixty have not been constructed, the new dam for the present will provide a harbor merely for Evansville during low water.

methods of transportation and railriver terminals, besides advocating immediate appropriations for the completion of the Ohio river canal-

VALUABLE CAMEO STOLEN

Evansville, Ind., Nov. 15.-Mrs. Otto David reported to the police today that thieves had entered her house some time between last Saturday night and today while she was out of the city and had stolen a cameo worth \$1,000. The cameo was stolen from her in a similar manner a few years ago, but was later returned through the mails.

FIRES AT WAITER

Muncie, Ind., Nov. 15.—William White, colored, was arrested late last night on a charge of assault with intent to commit murder after mond, waiter in a south side restaurant. The negro who had been drink-Every vital part of the ing, became angry at the manner i which food was served at the restaurant and went outside firing through the window.

It Started Something

"I have not said anything to you, have induced many to take your medicine and be convinced. Mayr's Wonderful Remedy is correctly named. It removed stuff from me I never thought could be in a human being and I feel like a different person. The pain in my right side dis appeared at once, which four doctors said would require an operation; also the bloating and indigestion." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. For Sale by Druggists Every--Advertisement.

TO SCRAP ANGLO-JAPAN ALLIANCE

To Be Stand of U. S. When Problems of Pacific and Far East Are Taken up By Arms Parley

TO BE A DELICATE QUESTION

Great Britain and Japan Are Believed to Realize That Something Must be Done About Pact

(By United Press)

Washington, Nov. 15-British representatives were reported today working out a substitute for the Anglo-Japanese alliance.

Details were with held even whether a triple bund-America England and Japan-was contemplat

> By A. L. BRADFORD (U. P. Staff Correspondent) (Copyright 1921 by U. P.)

Washington, Nov. 15.—The Anglo-Japanese alliance must be scrapped.

This it was learned on high authority today will be the stand of the U. S. government, when problems of the Pacific and the Far East are taken up by the conference on limitation of armament.

The position of the U.S. on the alliance between Great Britain and Japan will be stated some time during the conference in just as unequivocal and frank terms by Secretary of State Hughes as the head of the American delegation put forward the bold and, sweeping program of America for cutting the naval armaments of the world it was confidently expected here today. This may be done tomorrow.

The question of the Anglo Japanese alliance however is a greatly different one than that of fixing a limit on naval armament and reducing the present great naval establishments.

The alliance is a delicate question with both Great Britain and Japan, although both of these countries are believed to realize that something must be done about this pact in, the present conference to meet the opposition of the U.S.

Officials here point out that the U S. has nothing in direct relation to offer as a sacrifice in return for abandonment by Great Britain and Japan of their alliance.

On the question of naval arma ment however, America has offered to scrap the great ships of the 1916 building program considered a greater sacrifice than the other powers were asked to make.

Should Hughes deal with the Far Eastern situation at the next full session of the conference, it would be a bombshell of almost equal proportions to his noted famous Hughes speech on the naval limitation pro-

Briefly the position of this country on the Anglo-Japanese alliance is as follows, it is learned on highest authority by the United Press:

unalterably opposed to this mulitary pact between the two great empires on opposite sides of the world and considers this alliance a menace to ed. It is planned that a large delethis country. '

2—Despite the repeated assur- vices at Milroy. ances of the British and Japanese statesmen, this government can see will again be conducted at the Methno country other than the United odist church in this city. States against which the alliance probably would be directed in an mportant emergency.

3—The alliance has a close bearng on, and might even prevent, and effective agreement for limitation of naval armaments, as the pact potentially joins the navies of Great Britain and Japan resulting in a superior force to the American navy.

GRANTED AN ALLOWANCE

Mrs. Helen O'Reilly has been granted an allowance of \$5 a week support from her husband, John J. a divorce action in that court between the couple.

A BUILDING BOOM

Milwaukee, Nov. 15-Milwaukee's building inspector announces 1921 the city's history.

Exceptional Opportunity For Conservative Investors

We have convinced some of the highest type of business and prfessional men in Rush County that the 8% First Preferred Stock now being offered by the Muncie Water Works Company of Muncie, Indiana, is a rare opportunity for investment. Far sighted investors know that in one year hence it will be impossible for them to invest safely at 8% net.

Shrewd business men realize when their money is invested in a business that has a monopoly of one of the four necessities of life the danger if loss is almost impossible when compared with the average investment.

We began serving Muncie with Water when its population was about 4,000. Muncie now ranks among the leading manufacturing cities of the State with some 40,000 population. It isn't a secret, for everyone knows that nearly all lines of business have suffered a loss in the last two years. Many of our strongest corporations have passed dividends BUT I WANT TO IMPRESS UPON YOUR MIND THAT THE MUNCIE WATER WORKS COMPANY HAS RUN CONSTANTLY DAY AND NIGHT 365 DAYS PER YEAR FOR MORE THAN 36 YEARS, HAS NEVER PASSED A DIVIDEND AND ITS INCOME HAS IN NO WAY BEEN AFFECTED BY DEPRESSION. Ordinary depressions that close up or halt other lines of business is never felt by the Muncie Water Works Company. Our income grows with increased population. Our income now is sufficient to enable us to borrow \$250,000 and deposit every penny of it on open account and go right on paying 8% every ninety days indefinitely. In the face of these facts, wouldn't you like to be a partner in this business?

So you can readily see we do not need money for operating our present plant. During our 36 years of operation we have accumulated over \$86,000 depreciation reserve now available for replacing any part of our plant that has served its

We cannot sell stock at any time we desire, neither can we dictate what rate we shall charge for our water. We are subjected to a rigid investigation, by the Public Service Commission before we are allowed to issue and sell stock. The Public Service Commission allows us for rate making purposes only 7% of the total valuation of our holdings. Thus you will see it is impossible for us to create a big surplus and therefore when it becomes necessary for us to make extensions we must borrow the money.

Last year Muncie incorporated about 7,000 additional houses. We must extend our water mains into this new territory. The Public Service Commission has authorized us to issue and sell \$250,000 of our \$100 par value 8% accumulative first preferred stock and this money is to be used for making these extensions.

This stock is tax free to citizens of Indiana, non assessable, pays its dividends every ninety days; next dividend date December 15th, sold for cash \$100.00 par on the partial payment plan, \$5 cash and \$5 per month per share. We allow 8% on payments as they are made. We do not charge interest on the money you owe us.

We will at your option negotiate the sale of any stock you own issued by the Muncie Water Works Company and give you back every cent you put in with all accrued interest up to the day we make the transfer. We can prove upon request our ability to render you this service, gratis.

Our General Manager of the Securities Department will be in Rushville and vicinity Thursday and Friday of this week, and will take up the matter in detail with anyone desiring further information. For appointment, address Muncie Water Works Company, care of Republican.

NEW SCHOOL LAW IS SATISFACTORY

All Over State Reports Are Received That Attendance in Schools is Better Than Ever Before

HIGH AVERAGE 98.7 PERCENT

Arrests Made Thus Far by Attendance Officers of Parents Have Been Comparatively Few

Indianapolis, Ind., Nov. 15.—The new compulsory attendance school law is working out to the satisfaction of school authorities generally, according to an announcement from the office of the state superintendent of public instruction.

From all over the state reports are being received to the effect that attendance in public schools is far better than ever before in the history of the school system.

The schools in the seventeen townships of Kosciusko County in the northern part of the state are taken as an example. The average attendance there for the month of September was 98.3 percent. The highest average in the state for any one county in previous years was 98.7 percent, but a vast majority of counties fell far below this figure.

The report for Kosciusko County as compiled by Jesse Bruner, superintendent of schools in that county show that in three townships, the schools lost an average of about one day in one hundred, figuring on the record made during the month of latives in Arlington. September.

Arrests made thus far this year lington Sunday. by attendance officers of parents, charged with failing to send their children to school, have been comparatively few as compared with Russell Phelps. recent years, but these arrests are having a good effect, according to in Wayne county. reports reaching the office of the state superintendent of instruction.

STATE POTATO SHOW TO

To be The Biggest Exhibition of Indiana Potatoes Ever Brought Together At One Time

\$600 TO BE GIVEN IN PRIZES

Lafavette. Ind. Nov. 15-The man that scratches around in the back vard in the hope that he might raise a few scrawny spuds and the wholesale potatoe producer will be taught how to produce potatoes efficiently in Indiana, it was announced today.

Free classes will be given at the first annual Indiana Potato show during farmers week to be held here in January, the announcement said. This show, it is said, wll be the biggest exhibition of Indiana potatoes ever brought together.

Substantial prizes have been arranged for every variety grown in Indiana. More than \$600 has been set aside for this purpose.

Rural New Yorkers, Bull Moose, Early Ohio and Irish Cobblers varieties are expected to "run in the money" because these are said to be best for Indiana conditions.

REDUCED PRICES on Discontinued Patterns In HOOSIER CABINETS GREAT CABINET SALE

HOOSIER Cabinets have always been sold at low prices, which have been fixed by the factory at a figure consistent with the great economies made possible by HOOSIER'S quantity production. Heretofore it has been impossible for any dealer to offer the HOOSIER at a discount.

But right now we have on hand a miscellaneous collection of HOOSIER Cabinets in models that have been discontinued. We have received permission from the makers to put special prices on these particular cabinets in order to clear them out.

The values are so unusual, and the reductions so drastic, we do not expect to be able to continue this offer very long. If you are wise, you will come in at once and select one of these specially priced HOOSIERS. The opportunity may not occur again in a lifetime.

The models offered in this sale are genuine HOOSIER Cabinets. Each bears the name and is backed by the endorsement of the Hoosier Manufacturing Company. It will certainly pay you to buy while our supply of these reduced-price models lasts.

HALF MILLION OF CLUBS OPERATED

Approximately \$5,000,000 in Prize Gov. McCray Discussed With Secre-Money Awarded American Girls And Boys

PIG CLUB ASSET TO FARMER

C. G. McCahan Says it Keeps Young Suggested That United States Buy America Interested and Distributes Good Stock.

Peoria, Ill., Nov 14.-Nearly a half million boys and girls pig and calf clubs were conducted in the United States this year and approximately \$5,000,000 was awarded in prize money to American farm boys and girls who carried ribbons away at state and county fairs. Commenting on the popularity of these shows. President C. G. McCahan, of the Poland China Breed Promotion Committee, said:

"The pig and calf club is the biggest asset to the American farmer today. Through this medium two purposes are served—distribution of pure bred stock on the farms and the keeping of young America interested in agricultural pursuits. The best welfare of the country and the building up of a stable agriculture in the hands of the American farmer.

"We talk of Americanizing the shop and the factory, but we have forgotten the farm. We are not doing much to keep the American boy from seeking the city, lured by bright lights and intensified jazz. Boys and girls clubs will do more to interest the young in farming than any other influence. It gives them something that commands their best efforts. This will keep the land in the hands of American farmers and will make a million happy homes in the next generation, because the boys and girls can make money and educate Governor. "If the farmer cannot get themselves in animal industry and thereby settle one of the big problems that confront the American er is destroyed. Without the buying farmer.

TO STABILIZE PRICE OF CORN

tary Wallace Possibility of Federal Aid

GOVERNMENT IN BUSINESS

Corn and Store it Until it Is Needed

Indianapolis, Ind., Nov. 15.—With a view to stabilizing the price of corn as a means of relieving the present farming situation, Governor Mc-Cray on his recent visit to Washington discussed with Secretary of Agriculture Henry C. Wallace the possibility of financial aid from the Federal government. Governor Mc-Cray suggested that the government purchase corn and dispose of it to destitute European countries or store it in this country until time when it will be needed.

"The law of averages would suggest that we cannot expect a continuation of excessive corn yields. The low price on the present crop will mean that the average of next rear's crop will be greatly reduced,' said Governor McCray.

Governor McCray is very much encouraged as to the future outcome of the plan judging from the attitude taken by Secretary Wallace and his willingness to discuss it in detail. The Governor has a deep interest in the farmer's problems and the taking up of this plan with the Secretary of Agriculture is one of his most recent acts designed to relieve their financial stress.

"Corn is selling at a price so low as to cause the possible disruption of agriculture in areas of Indiana and other corn belt states where it is the principal money crop," said the a fair price for his corn over the cost of production, his buying powpower of the farmer, industry must stop. So fundamental is agriculture Mrs. Ariko Komatsu, wife of the to industry in general, and therefore

GREAT BRITAIN ACCEPTS U. S. PLAN IN SPIRIT AND PRINCIPLE

Arthur Balfour. Speaking For British. Asks Only Two Reservations to Naval Program

SUBMARINE AND REPLACEMENT

Would go Farther Than America in Restricting the Big Cruising Submarines, He Says

LEAVES IT TO CONFERENCE

Carlo Schanzer of Italian Delegation Lauds Clear Bold Position Taken by Hughes

(By United Press)

The great powers of the world today approved in principal America's sweeping proposals of limitation of naval armaments.

One after another the official representatives of Great Britain, Japan, Italy and France rose in conference and accepted the American program in modified terms.

Britain asked certain reservations to the proposals as to submarine tounage and replacement. Japan indicated she would ask slight modification of the replacements proposal. France urged that limitation of land armament be brought up speedily Italy gave unqualified approval to the the American plan.

Hughes expressed gratification at the acceptance of the powers and indicated he believed the success of the conference was assured

The conference adjourned to meet on call of the chairman.

Washington, Nov. 15.—America's plan for a drastic cut in naval armament was officially accepted today in spirit and principle by Great Britain through its greatest states man. Arthur Ballour.

He asked only two reservations on submarines and replacement. Even a greater reduction in submarines than was proposed by the United States was the essence of the British reservation in this respect. Britain explained through Balfour Breat Britain was willing to acsigned for an official purpose should he banned.

As to replacement, he stated that that Great Britain was willing to accept the ten year naval holiday but gave no details, merely stating that Great Britain was willing to leave both the reservations to the consideration of the conference committee.

ese acceptance, Carlo Schanzer of clear hold position taken by Hughes in his program of action.

Balfour opened his speech by pay ing a high compliment to the statesmanship of Secretary Hughes.

Hughes reported the formation of the committee to handle armament limitation, composed of the delegations of the five principal powers. This committee, he said, would have power fully to go into all questions involved and make recommendations to plenary sessions of the confer-

Likewise he reported formation of a nine power committee on Far Eastern questions. The committee organization was approved by the conference without dissention.

"It will now be in order for the conference to listen to general discussion on proposals heretofore made by the United States government," said Hughes.

Balfour thereupon began his speech.

He spoke extemporaneously with

only a few notes before him. "America has added a new annisaid. "November 12, will be marked present conference has set a new most as much as Nov. 11—Armistice imous approval proves that "honesty day."

He caused a laugh when he said Hughes big secret "was perfectly kept" up to the time he "uttered the memorable words that have now They know what "ten years" means found an echo in every part of the

Those who heard, he said, felt that "a new chapter in world history had been opened."

America and Britain are profoundly interested in naval matters Continued on Page Two

Japan Accepts

(By United Press)

Washington, Nov. 15-Japan accepts in pricipal the American plan for limitation of armament, Barron Kato, head of the imperial Japan navy, declared before the armament conference today.

His statement followed the official declaration of Britain that the program of the United States would be necepted.

He said, Japan like Great Britain, would propose modification of the American proposal in regard to replacements.

Kato brought the great crowd to its feet when he unequivocally declared that Japan is ready for a sweeping reduction in its navv.

"I must state simply, concisely, and frankly," said Kota, "a few modifications relative to replacement would be asked for consideration of the mayal experts. Japan does not desire a navy to equal those of the United States or England but lieved to be limited to three firms, wants only an arms essential to defend".

The speech was applauded to the

Fance Is Ready

(By United Press)

Washington, Nov. 15.-Lunitation of land armament must be brought before the arms conference, Premier Briand of France said today in reply to accepting America's program of limiting naval armament.

Briand asserted that the question of land armament must come before the conference-will come before it.

"When that time comes," said Briand, "France will answer the appeal. I have listened to the great joy of the acceptance of America's naval plan by Great Britain and Japan."

Briand said that if the disarmament was merely a question of ceonomy, it would be unworthy of such at conference, "No," he cried, "The question is whether the people of the world have at last found a way to come to agreement to prevent the horror of war."

MAY CONSIDER BIDS ON FIRE APPARATUS

City Council is Expected to Take Some Definite Action Tonight on Buying Motor Pumper

FAVORS 600 GALLON PUMPER

The city council which meets tonight in regular session is expected to take some definite action on the matter of buying a motor fire pumper, after having decided to wait until after election before giving it much consideration, and today several representatives of the fire engine companies were here in the interests of their firms.

One firm which lad submitted bids on an assembled apparatus, but had failed to qualify with the certified check, advised the council at their last meeting that prices were falling off, but the representatives of the Seagraves company and Albrens-Fox company stated that as far as standard equipment was concerned. the prices were not declining.

The members of the city council kave decided that they will purchase a make of machine of a standard firm, and their choice now is bethe American Labrance, Songraves, or Ahrens-Fox, and prices range gallon, combination hose, chemical and pumping engine.

HYMAN SCHATZ DIES SUDDENLY AT HIS HOME

Body of Well Known Junk Dealer, Native of Russia, Taken to Indianapolis For Funeral

CAME HERE THIRTY YEARS AGO

Hyman Schatz, the well known lewish junk dealer of this city died suddenly about seven-thirty o'clock last night at the late residence in West Third street from neuritis of heart. The deceased came to New York from Kovua, Russia, about thirty-two years ago, and two years later came to this city, where he has lived since that time. Mr. Schatz was sixty years of age.

The survivors are the widow, four daughters the Misses Freda, Libby, Leah and Dorothy Schatz; two sons, Harry and Aaron; and one sister of Bradley Beach, New York.

The body was taken to the Jewish Jowish Jewish rabbi. cemetery at Indianapolis.

BRYAN SEES PARLEY AS LESSON IN INTERNATIONAL MORALITY

(Copyright 1921 by U. P.) Washington is the center of world interest today.

Dispatches are coming in from all the nations expressing approval of the nation's stand on disarmament. What a lesson in international morality!

The language of diplomacy is sometimes used for the concealing of answers pass between craffy diplomatists and they are approved by crafty politicians.

Government controlled by a few for selfish ends has often continued over periods of years because those in authority had force to back them and because the people were ignorant of the real ends pursued. The precedent and its practically unantional affairs.

"one half" means, whether it is a days—a period of relief from war such an amount of relief from the ble; this conference declares that burdens of war as has never come war is not only undesirable but unto the human race before in all its necessary. It has started out to history.

Is it strange that the world is

happy. Is it strange that politicians, regardless of their private views, fall into line and appland? There is contagion in a crowd.

Every one who has attended national political convention of either of the great parties knows how enthusiasm will spread until cold hearts become warm and skeptics become enthusiasts. A staid delegate ideas; crafty suggestions and crafty who have wagered that nothing could move him, eatches the spirits of the crowd, jumps upon a chair, waves his coats and yells and then when the excitement is over, wipes the perspiration from his face and wonders what it was that got him into such a frenzy.

This is more than a political convention and this stirring of the heart is not as ephemeral as a wave of applause. It looks as if the world is to be born again.

It swings from the philosophy of Neitzsceh to the philosophy of settle down to the new philosophy other things come as a matter of -120 months, 520 weeks, 3,652 course. Neitzsche taught that war was not only necessary but desiraabolish war and that means that the Continued on Page Two

Thorough Search Being Made For Robert D. Vinson, 37, Farmer Of Near Summitville

FRIEND OF FRANK MULLINS

Identified by Six Persons Who Saw Him in Mays Saturday-Unbalanced, Left Home Nov. 6

Robert D. Vinson, age thirty-seven years, a prominent and influential farmer living near Summitville, Madson county, who has been missing from his home since Sunday morning, November 6, has been seen in northern Rush county and a thorough search is being made for him in that vicinity.

Frank Mullins of Mallins and Taylor, Incorporated, of this city formerly of Madison ecunty, who is a very good friend of Vinson's was notified Sunday evening of the mysterious disappearance of Vinson. and on Monday got a trace of him.

He learned that the missing man was seen by at least six persons in Mays Saturday and that he had been seen the Thursday before at a public sale near Bentonville. It has from \$8,50 0to \$11,00 for a 600 already been established that Vinson was in Greenfield last Tuesday. This leads to the opinion that he was traveling east on the national oad and that he strayed south into Mays.

Another report was received today hat a man answering Vinson's description was seen on the streets of Rushville Saturday night, but this has not been definitely confirmed.

Vinson is very easily identified, according to Mr. Mullins. He is five pounds, has dark hair, dark eyes medium complexion and a deformed little finger on his left hand.

When he left home, Vinson was dressed in an old suit of blue overalls, blue waist, blue shirt, black fur cap which pulled down over the ears and black felt shoes such as are usually worn in arties.

Every report of Vinson since he left home describes him as wearing the clothing which be had on when he disappeared with the addition of a short overcoat which was far toe small. His friends believe that he found the overcoat some place in his wanderings.

Mr. Mullins says that at least one hundred persons in Madison county are searching for Vinson, and any in this county, it is urged, should ducted there this afternoon, by the be reported to Mr. Mullins at once ing of Vincon's friends was her Surday evening and left a number of eards bearing a picture and deecaption of the missing man.

Fifty dollars reward is offered for the recovery and return of Vinson. It is presumed that when he left home, he was laboring under a mental strain and this his mind was unbalanced.

Reports from the Bentonville sale where he was thought to have been seen last Thursday, Vinson attracted considerable attention. People attending the sale thought he was unbalanced mentally by his actions. It is said that he inspected stock carefully and then made remarks which indicated that he was not "in his right mind."

Vinson is well-to-do and is related to one of the most influential families in Madison county. Every effort operation. is being made by friends and relatives to locate him.

TO BE COMPLETED BY NIGHT

MISSING MAN SEEN ADJUTANT GENERAL INSPECTS ARMORY

Gen. Harry B. Smith, Accompanied by Two Aids, Here Today on an Inspection Tour

GUEST OF CAPT. WILL B. BRANN

Adjutant General Harry B. Smith commander of the Indiana Nationa Guard, was in Rushville today on an inspection tour, and inspected the local armory in South Perkins street which has just been completed for the Rushville guard unit. He stated that the building was well adapted in every respect.

He was accompanied here by Miss Hardy, chief quartermaster, and Miss St. Clair, chief of the finance inspection, in the office of Adjutant General Smith. They were enterained at lunch today by Captain Will B. Brann of Company C.

The inspection party left here for Greensburg where they will also make an inspection, stopping off later this afternoon for an inspection of the armory at Shelbyville.

The local armory has been remodeled on the interior, and a heating plant installed. The building formerly was used as a paint shop by Wade Sherman, but was originally built as an armory several years ago.

American Education Week Will be Observed in County Schools Week of December 4

ARRANGEMENTS MADE HERE

City and County Schools Prepare For Special Celebration to Educate Public on Needs

Observance of American Education week during the week of December 4 is being arranged for in the schools of Rushville and the county as well. Special preparations have been made to bring out the object of the celebration—to foster better Americanism and to acquaint the public thoroughly with the accomplishments and needs of the public schools in the county.

The observance of the special week will be uniform throughout the state, in accordance with a request from the state board of education, temple in Indianapolis this morning trace which may be obtained of him and it is hoped that over 4,000 meetings will be held.

Benjamin J. Burris, state superintendent of public instruction, has sent letters to city and county school officials throughout the state, requesting that the officials begin immediately with preparations for the observance of the week. According to Mr. Burris thirty-five national organizations of educational, religious, fraternal and civic societies are co-operating in the movement, which will be national in its scope.

Mr. Burris, in his letters to the school officials, suggested that arrangements in the schools and colleges throughout the state and that one or more public meetings be held for the entire community, under the auspices of the American Legion with other organizations co-operating. The school officials are urged to get in touch with their city and county authorities and obtain their co-

"The main purposes of the week are to inform the public of the accomplishments and needs of the public schools and to obtain co-operation and support of the public in meeting these needs and to teach and føster good Americanism," Mr. Burris said in his letter.

CALENDAR FOR THE **NEXT TERM READY**

Several Criminal Cases Among Those Set For Trial in the Circuit Court

TERM WILL OPEN MONDAY

Edwin Price, Charged With Wife Desertion, Who is Now in Case, Among First

A crowded docket for trial cases has been posted by Judge Will M. Spark's for the first few weeks of the November term of court which begins next Monday, and on many days there is more than one case set for trial. Many of the cases will be changed when court opens on Monday and when the dockets are called.

Right at the very start of the new term, several state cases have been set, including the case against Edwin Price charged with wife desertion. Price was arrested last week and is in fail awaiting trud, being anable to give the bond. His cases will begin on Wednesday, and on Friday of the same week Robert Frasier will go on trial.

Frazier, who is a colored man, is Iso in jail on a charge of assault with intent. He pleaded not guilty last week when arraigned on the grand jury indictment.

On Saturday of the opening week, the case of the State against Hendricks, charged with a juvenile matter, also will be heard. Hendricks is now in jail on a charge of surety of peace, and this case is set for Nov.

There are many divorce matters scattered through the opening weeks. The calendar is made up to December 22. The case of the State against Alva Newhouse, Jackson township trustee, who was indicted on two charges, has been set for December 19, unless the court sustains the motions to quash.

The court calendar as made out is s follows:

Question of How To Make More Money Confronts Annual Convention of Federation

PROSPERITY IS ESSENTIAL

Unless Farmer Succeeds, E. E. Reynolds, Treasurer, Says, Other Business Can Not Prosper

Indianapolis, Nov. 15-The eternal question of how to make more money confronted farmers of the state who met here today to attend can pet 50; Norther Pac 762 off 1/8; the third annual convention of the Indiana Federation of Farmer's As-

Officers of the federation were to present figures showing that prosperity of the farmer is essential to prosperity in other industries. If the farmer does not receive equitable returns for his products, he is not able to buy the products of the factories which are consequently forced to close their doors, E. E. Reynolds, treasurer of the organization, said.

"The Indiana Federation of Farmer's Associations plans to bring higher prices to the farmer and lower prices to the consumer," Reynolds said. "To succeed in this it will be necessary for the consumer as well as the farmers to give the farmer's organization their support."

Big organized industries have taken advantage of the farmer in the past, Reynolds said, by dictating the price he shall receive for his products.

Delegates were expected here from each of the ninety-two counties of the state. A county-wide organization exists in every county. The attendance was expected to reach 10,000.

National leaders in farm organization movements were on the program. These included C. H. Gustafson, of Chicago, president of the United States Grain Growers, who was to speak on "Co-operative Marketing". Governor McCray was to talk this afternoon.

Bryan Sees Parley as Lesson In International Morality

Continued from Page One whole basis of international relations is to be changed.

The same reasons that lead to the reduction of navies will lead to the reduction of the armies. In fact, in this country, the demand for the reduction of the army is more unanimous than the demand for the reduction of the move.

And what about the Far Eastern nestion and the Far Western question and the foreign questions of every kind? They will cease to be questions of disputes when navalism and militarism disappear. When "come let us reason together" is substituted for ultimatums backed by force, all questions are easy of settlement.

PLACE FUEL IN BINS

Now Purchasers of Coal Must Pay From 25 to 50 Cents in Addition to \$9 to \$15 a Ton

RETAILERS HAVE NEW RULES

Peru, Nov. 15.—Times have changed since soft coal sold at \$4.50 a ton and hard coal at \$6 a ton in northern Indiana, for now parchasers must pay from 25 to 50 cents in addition to \$9 and \$15 a ten or must place the fuel in bins themselves, if the bins are not easily accessable from the street.

Drivers now stop at sidewalks in the business district of northern Indiana cities and dump the cool on the walks or in the gutter and it is practical". up to the purchaser to engage the services of some other shovel it into the coal hole. In the residential districts the fuel is dumped upon the lawns.

Many purchasers, not knowing of the new ruling of retailers, pay for coal and on returning to their homes find it lying in the front yard or on the lawn outside the yard. In one instance coal was delivered to a Peru man and was dumped in the gutter in front of his place. A heavy rain storm flooded the guiter and half of the coal was washed away.

CHARLES MUNDAY PAROLED

Wrecker of LaSalle Street Trust Co. of Chicago Released

Joliet, Ills., Nov. 15.-Charles B. Manday former vice president of the LaSalle Street Trust Company, was paroled today after serving eleven months of a three year sentence.

Munday was sent to prison for his part in wrecking the institution. He was associated with Senator William Lorimer. Following the bankruptcy of the LaSalle Street bank nine other institutions allied with the Munday-Lorimer interests, went to the wall.

Munday, once worth \$3,000,000 is enniless now, according to Lorimer. Indictments of Munday and his issociates allege they looted the institutions of \$2,500,000 and violated many state banking laws. Munday was sentenced by Judge Stough at Morris, Ills.

Republican Office.

Great Britain Accepts U. S. Plan in Spirit and Principle

Continued from Page One from any reason of ambition, from the advisability of preventing entirely construction of "these large submarines not intended for defense whose whole purpose is attack, and which only serve to add to wars and sorrows.

No matter what modifications are made in the American plans in advance of technical experts the main structure of it will remain forever, he declared.

"It is easy to show that the limiation plan will reduce taxes, stimulate industry and relieve governments burdens, but further there is something in this scheme that is beyond more numerals that goes to the root of the highest national morality" Balfour said.

"This scheme makes idealism

"It takes hold of the dreams that poets have put before the world for centuries."

The British leader stated that Great Britain is in fullest sympathy with the policy presented by the United States.

The American plans, Balfour stated, is both reasonable and acceptable.

Even greater cuts than those proposed by the United States should be made in submarine cuttings, British naval experts are inclined to think, Balfour said.

America and Britain are profoundly interested in naval matters "not from any reason of ambition, but from the hard brutal nocessity of facts." The United States stands impreg-

nable, doubly protected, wholly immune from the particular perils which menace the British empire, he said. 💌 He outlined the British position,

showing how the British Isles depended on food from overseas for their population with no more than seven weeks food suplyy on hand at any time. "If you can see that picture with

all that it implies, you will understand why every citizen of the British empire knows that it is by sea communication she lives and that if sea power is lacking the empire must Britons are not lamenting their

ness of their position. "It is known to our enemies-if we drave any-" said Balfour. "Let world.

it is a cure all for the world's ills, however, he said, pointing to the limitations to the three principal naval powers.

"Again it does not touch the question of I and armaments which every man coming from Europe feels to be of paramount importance", he said.

"What it does is one of the biggest things ever conceived by constructive statesmanship".

The American proposals will be received round the world with "full loyal and complete cooperation", he predicted.

There are details to be dealt with. however, Balfour said, but these he is willing to leave with the conference. -The second plenary session of the

great arms parley was under way promptly at 11 a. m. today with the crowd and the delegates eager for another bomb such as Secreweakness, Balfour stated, but mere- tary Hughes hurled into the conferly understand the stragetic weak- ence hall Saturday when he placed Americas sweeping program for limitation of armament before the

Chiefs of Two Railroad Brother-U. S. CAVALBY ON THE BORDER hoods Meet in Chicago to Discuss Reports They Have Received

REGARDING NEW WAGE CUTS

Session Promises to be Stormy One Due to Dissatisfaction Over Strike Settlement

(By United Press)

Nov. 15.—Renewed heard here today as leader of two oritative circles today. powerful unions met in secret ses-

alifornia border in an effort to The chiefs and reneral chairmen The general belief all along the border is that Cantu is aiming at a Engineers and Locomotive Eaginthigher plan than the more enseating men and Firemen met for these purof Epigmenee Yharra, his successor to the governorship. Both parties saw

1-To discuss current and well founded reports, according to railroad workers, that the U. S. Railroad Labor Board had adopted and an important conference with memis ready to announce many working rules which labor collisiders unfav-

2-To discuss information said to be in the lands of unions that railroads were to post notices of a wage out this week.

The session today promised to be a stormy one. Several general chairmen, dissatisfied with the settlement of the railroad crisis by the railroad board wage award are prepared to ask Warren Stone and A. S. Carter, firemens head, just why the Oct. 30 strike vote was not put into effect.

It was understood today that a resolution to the Labor Board hordering on an ultimatum was to be prepared. This, it was stated, would outline the least the men would accept in working rules.

The three other Brotherhoods were not represented at the meeting.

The Labor Board was prepared today to use drastic measures to prevent another railroad strike cri-

The board has issued an order prohibiting the men to call a strike without the permission of the board. It is known that the board members have prepared themselves for the resent situation.

Thendoeia Tribbey, el-lest child. and daughter of Lawrence Lee and Mary E. Tribbey was born near Arlington, Ind., on Nov. 2, 1870, and departed this life on Nov. 9, 1921,

in marriage to Edward Newsom who died on Oct. 27, 1897, again on April 2, 1903 she was married Charlie M. Phillips, who is left to mourn her loss, she is also survived by one brother, Willard and a host of friends who were glad to be classed as such.

"Dosh," the abbreviation by which she was most generally known, was mistress of her home in the highest interpretation of that word, being a most dutiful wife, always willing to do her share in any worthy cause, and her duties to her home never interfered with her fillfal considerations to her parents, and she always ministered to their needs and necessities in an unselfish manner.

As a young girl she gave hersell to Christ her Master, and united with the Methodist Church at Arlington, and for many years she was a conscientious worker, and an able assistant in the several activities of the Church. In the later years she asked for, and received from this congregation a Church letter, but she never placed her membership elsewhere, however, since that time she has been laboring with the brethern of the Christian Church and was always willing at all' times to contribute of her time and means in the furtherance of the cause of her God, and at no time registering any complaint of the fasks asked of her!

In her pussing we are again called upon to witness the common lot of man, wherein we are all at some time compelled to give up the cares of life and yield ourselves into the hands of a just and loving Father who "doeth all things well." 210t1

The life of a car is determined by the care and workmanship given it. Troubles that seem small now may result in serious ones later.

A little attention by workmen who thoroughly understand your car and its needs will prolong its life and give you satisfaction while driving.

We are prepared to give your car the attention it needs.

TONS OF GERMAN TOYS Boston, Nov. 15—Three thousand AMERICA IS READY FEW BIG FIGHTS FOR AN EMERGENCY FOR THIS SEASON

In Évent Proposal is Turned Down, United States Will Start Building Project

TO ADD 14 FIRST LINE SHIPS

England and Japan Knew of Naval Holiday Plan and Came Here Prepared to Accept

By LAURENCE M. BENEDICT (U. P. Staff Correspondent)

Washington, Nov. 15-If the Hughes proposals for limitation of naval, armament are turned down by the other powers, the United States proposes to immediately add 14 first line ships to the 16 now partially built and rush all 30 war vessels to completion in a few years members of Congress have been in-

This word came from men very close to President Harding and in his intimate confidence. They declined to be quoted.

"In case the conference fails, the American people will understand what is before them and will not allow this government to stand unprotected". Representative Butler, Pennsylvania, chairman of the House naval affairs committee, said

"This is not the time to make or imply a threat. But, should the conference fail, the course of the U.S. is clear. We must protect our-

Information coming to him, Buter said, was that both England and Japan have known for weeks just frow drastic o proposal was to be made by this government and that the delegates from those nations "came here prepared to accept".

Rickard and Other Promoters Have a Double Difficulty in Arranging Championship Bouts

NO SUITABLE OPPONENTS.

Other Instances Where Title Holders Refuse to Submit Themselves to Any Comer.

By HENRY L. FARRELL (U. P. Staff Correspondent)

New York, Nov. 15-When the Walker boxing bill was passed, New Yorkers sat back and dreamed of a championship bout every week.

Tex Rickard did his best to make the dreams come true last—winter, but the prospects are not so good as the new season approaches.

Rickard and other promoters have double difficulty in arranging championship bouts. In some divisions there are no suitable opponents for the champions and in the other classes where talent is more plentiful, the title holders refuse to light to a decision.

Benny Leonard, the lightweight king, has stated emphatically that he will not box in New York because of the general incompetance of the judges appointed by the boxing commission to weigh the merits of

Leonard is not the only one to criticize the poor work of the officials. Boxers of all divisons and the fans have observed that some glaring injustices have been done by the judging. There has been no charge of "crooked work'. The boxers complain merely that the judges are doing bad work because they don't know better.

Jack Dempsey is willing to put his title at stake, but there is no one in the field to give the heavyweight champion a battle. Johnny Wilson, of course, will not fight in New York. That is no dig at the judges however, because the middleweight champion will not get into any ring for a decision fight, Jack Britton is willing to fight in New York, but there are no welterweights threatening him unless it might be Benny Leonard, who is rapidly reaching his poundage. Incidentally, the Britton-Leonard bout seems a sure thing before the winter is over.

Johnny Kilbane is willing to risk his title in the Garden, but he isole. wants so much money for the risk that even Rickard can't meet his

The bantamweights are about the only ones willing to get in and listen to the decisions but they are having a let of fun passing the title around among each other. They figure, perhaps, that if they go in the ring often enough their opponent will get a bad decision and they will get a

Around The World In 8 Good Laughs

All the world likes good humor no matter where you chance to roam. Everyone wants to be cheerful and healthful, here or far away from home. Papers all print jolly jokes, jingles and other kinds of lively fun. This humor is penned by scores of column conductors who poetize, joke and pun. It is not in the magazincs and newspapers alone that good press wit is seen; now for over three years the "Topics of the Day" Films have shown it on the screen. Jules Verne wrote of a trip 'round the world in eighty days, or more or less. Well here we offer a trip in eight world-wide laughs-good ones or we miss our guess:

MANY CHILDREN UNDERNOURISHED

Over 5,000,000 School Pupils in The United States are Suffering From Mainutrition

GIVE CORRECT HEALTH HABITS

Plan Follows, Lines of Modern Health Crusade in Which 6,000,-000 Children Are Now Enrolled

(By United Press)

New York, Nov. 15-Over 5,000. 000 school children in the United States are suffering from malnutrition, 'according to a bulletin issued by the National Tuberculosis Association today. Malnutrition, when carried far enough, becomes plain starvation. The vast majority of these millions of little ones are malnourished as a result, not of insuflicient food, but of improper food.

To relieve this situation a plan for instructing the children in correct health habits has been devised by the National Tuberculosis Association in cooperation with Dr. W. R. P. Emerson of Boston, the nutrition expert, and will be inaugurated in schools throughout the country as soon as possible.

The plan will by no means be an experiment, since it will follow the line of the Modern Health Crusade should be classified as malnourished, Dr. Emerson has decided that a child more than 7 per cent under normal weight for his age and height is clearly suffering from malautritimale of 5,000,000 little ones of school age suffering from insufficient nourishment in this country has ply a table showing the normal insigning of the Modern Health Cru-

In the plan specially prepared for the benefit of the nourished children each child will be required through his teachers and parents to keep a "chore record" card. This card, which is to be submitted at regular intervals to the teachers, indicates the performance of health dutiesfood, exercise, baths, sleep, etc.

The chore records will also sup-

GET THIN DAM IN THE WORLD

Two Day Ceremony Attends Dedication 18 Miles Below Evansville in Ohio River

PROMINENT MEN TO SPEAK

Henderson Dam, Begun II r Years Ago, Cots Approximately \$3,500,-000-Lock 600 Feet Long

Evansville, Ind., Nov. 15-Dedi eation of the largest movable dam in the world, IS miles below Evansville on the Ohio river scheduled ties", said the annual report of the for today, will be attended by two days of ceremonies.

Several hundred delegates to the Ohio Valley Improvement Associations convention in session here Fuesday and Wednesday will be taken on government vessels to the recently completed link in the canalization of the Ohio.

Included on the speaker's pro-

Senator W. B. McKinley, of Illinois: Representatives B. L. Rosenbloom, West Virginia, and Guy E. Campbell, of Pittsburg; Major General Lansing H. Beach, chief of engineers U. S. Army: Oscar F. Barrett, Cincinnati, president of the Ohio Velley Improvement Associa-tion; John H. Small, Washington, president of the National Rivers and harbors Congress; Albert Bettinger, Cincinnati: Dr. & E. Lucke, dean of Engineering Columbia University, New York: James E. Smith, St. Louis, vice president of the Mississippi Valley Association; J. K. Howard, American Farm Bureau Federation and several United States army engineers.

The Henderson dam, began 11 vears ago, cost approximately \$3,-500,000. During high water its wickets slide to the bottom of the river giving a free channel one half mile wide. Its lock similar to locks of other dams on the river between Pittsburgh and Evansville, is six hundred feet long, 110 feet wide and bas a lift of approximately 13 feet. 🕝

Becouse many other dams in the contemplated chain of more than sixty have not been constructed, the new dam for the present will produring low water.

The convention will discuss new methods of transportation and railriver terminals, besides advocating immediate appropriations for the completion of the Ohio river canal-

VALUABLE CAMEO STOLEN

Evansville, Ind., Nov. 15.-Mrs. Orto David reported to the police today that thieves had entered her house some time between last Saturday night and today while she was out of the city and had stolen a cameo worth \$1,000. The cameo was stolen from her in a similar manner a few years ago, but was later returned through the mails.

FIRES AT WAITER

15.--William White, colored, was arrested late last night on a charge of assoult with intent to commit murder after he had fired twice at Sidney Hammond, waiter in a south side restanrant. The negro who had been drink-Every vital part of the ing became angry at the manner in which food was served at the restaurant and went outside firing through the window.

It Started Something

"I have not said anything to you. but have been saying to others and have induced many to take your medicine and be convinced. Mayr's Wonderful Remedy is correctly named. It removed stuff from me 1 never thought could be in a human being and I feel like a different person. The pain in my right side disappeared at once, which four doctors said would require an operation; also the bloating and indigestion.2 It is simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. For Sale by Druggists Every-—Advertisement

LARGEST MOVABLE STATE UTILITY RATES WILL NOT COME DOWN

Word is Passed Out to Patrons Today by The Indiana Public Service Commission ...

Indianapolis, Ind., Nov. 15-Utility rates in Indiana will not come

This word was passed out to atithe rates.

"The commission is aware of the fact that the public is impatient to commission which has just been completed. "It is impossible, howevreduce utility rates to correspond to jur.

"Utility rates did not increase in proportion to or contemporancously with the rapid increase of prices during the year 1919 and a part of 1920. Had utility rates been increased in direct proportion to and simultaneous with all commodity prices and labor costs, they could have been reduced in direct proportion to the decrease in these elements in ntility expense".

AMUSEMENTS

Jap Actor Pleases

Never in the history of silent drama has there been a player whose dramatic ability has caused such widespread comment and admiration as the popular Japanese-Am-Sessue Hayakawa, erican star. recent production whose most "Where Lights Are Low" erecaed at the Mystic Theatre last night and continues today.

As a student of the drama from the time he was a young man in Japan until he graduated from the University of Chicago, he has followed the teachings and work of the speaking stage's greatest exponents and has become during the last two years one of the most finished screen actors in the world.

"Where Lights Are Low," is an R-C Pictures production and nothing has been spared, in the way of money and labor to make it the very hest vehicle in which the famous star has ever appeared. It was based vide a harbor merely for Evansville upon the story "East is East" from the facile pen of Lloyd Osborne, who learned the technique of story writing when a young man from his famous step-father, Robert Louis

"Where Lights Are Low" unfolds a story of great dramatic power and gives Mr. Hayakawa just the sort of role to which he can devote his whole being. He interprets the part of a young Japanese prince about whose love affairs and adventures a most engrossing tale has been fashioned. It is filled with intensely dramatic moments and leavened by a touch of romance that is a sheer delight.

Exotic Scenery Shown

The most captious critic cannot fail to be delighted with the remarkably beautiful and accurate reproductions of Chinese streets, houses. gardens and interiors seen in "Dawn of the East," the Realart picture now showing at the New Princess

Exotic scenery was demanded by the story, much of whose plot is laid in China and the Strait Settlements. but the producers exceeded themselves to give the production unusual interest.

Among the sets is one of the Chin ese streets, and gate-ways through which a wedding procession passes another on the bank; of a river, and night scenes in the Ahmond Blussom, a notorious Shanghai cabaret, in which are seen persons of a dozen nationalities and interiors exquisitely done in the colorful fashion of old China.

"Dawn of the East" is a melodrama with a powerful current of sustained throughout the action story, culminating in an amazing sit nation.

Lila Lee, the beautiful Paramount actress, has a delightful role in William De Mille's new production, "After the Show," which will be shown at the Princess theatre Wednesday and Thursday. She plays opposite Jack Holt and Charles Ogle, a well known character actor, is one of the featured players.

TO SCRAP ANGLO-JAPAN ALLIANCE

To Be Stand of U. S. When Problems of Pacific and Far East Are Taken up By Arms Parley

TO BE A DELICATE QUESTION

Great Britain and Japan Are Believed to Realize That Something Must be Done About Pact

(By United Press)

Washington, Nov. 15-British representatives were reported today working out a substitute for the Angla-Japanese alliance.

Details were with held even whether a triple bund-America England and Japan-was contemplat-

> By A. L. BRADFORD (U. P. Staff Correspondent) (Copyright 1921 by U. P.)

Washington, Nov. 15.-The Anglo-Japanese alliance must be scrapped. This it was learned on high auhority today will be the stand of the I. S. government, when problems of the Pacific and the Far East are taken up by the conference on limitation of armament.

The position of the U.S. on the alliance between Great Britain and Japan will be stated some time during the conference in just as unequivocal and frank terms by Secretary of State Hughes as the head of the American delegation put forward the bold and, sweeping program of America for cutting the naval armaments of the world it was confidently expected here today. This may be done tomorrow.

The question of the Anglo Japanese alliance however is a greatly different one than that of fixing a limit on naval armament and reducing the present great naval establishments.

The alliance is a delicate question with both Great Britain and Japan, although both of these countries are believed to realize that something must be done about this pact in, the present conference to meet the opposition of the U.S.

Officials here point out that the U S, has nothing in direct relation to offer as a sacrifice in return for abandonment by Great Britain and Janan of their alliance.

On the question of naval arma ment however, America has offered to scrap the great ships of the 1916 building program considered a greater sacrifice than the other power were asked to make.

Should Hughes deal with the Far Eastern situation at the next full session of the conference, it would be a bombshell of almost equal proportions to his noted famous Hughes speech on the naval limitation pro-

Briefly the position of this country on the Anglo-Japanese alliance est authority by the United Press:

1—The government of the U.S. is unalterably opposed to this mailtary pact between the two great empires on opposite sides of the world and this country.

2-Despite the repeated assurances of the British and Japanese statesmen, this government can see no country other than the United States against which the alliance probably would be directed in an important emergency.

3-The alliance has a close bearing on, and might even prevent, and effective agreement for limitation of naval armaments, as the pact potentially joins the navies of Great Britain and Japan resulting in a superior force to the American mayy.

GRANTED AN ALLOWANCE Mrs. Helen O'Reilly has been

Exceptional Opportunity For Conservative Investors

We have convinced some of the highest type of business and prfessional men in Rush County that the 8% First Preferred Stock now being offered by the Muncie Water Works Company of Muncie, Indiana, is a rare opportunity for investment. Far sighted investors know that in one year hence it will be impossible for them to invest safely at 8% net.

Shrewd business men realize when their money is invested in a business that has a monopoly of one of the four necessities of life the danger if loss is almost impossible when compared with the average investment.

We began serving Muncie with Water when its population was about 4,000. Muncie now ranks among the leading manufacturing cities of the State with some 40,000 population. It isn't a secret, for everyone knows that nearly all lines of business have suffered a loss in the last two years. Many of our strongest corporations have passed dividends BUT I WANT TO IMPRESS UPON YOUR MIND THAT THE MUNCIE WATER WORKS COMPANY HAS RUN CONSTANTLY DAY AND NIGHT 365 DAYS PER YEAR FOR MORE THAN 36 YEARS, HAS NEVER PASSED A DIVIDEND AND ITS INCOME HAS IN NO WAY BEEN AFFECTED BY DEPRESSION. Ordinary depressions that close up or halt other lines of business is never felt by the Muncie Water Works Company. Our income Our income now is sufficient to enable us to grows with increased population. borrow \$250,000 and deposit every penny of it on open account and go right on paying 8% every ninety days indefinitely. In the face of these facts, wouldn't you like to be a partner in tide business?

So you can readily see we do not need money for operating our present plant. During our 36 years of operation we have accumulated oven \$86,000 depreciation reserve now available for replacing any part of our plant that has served its usefulness.

We cannot sell stock at any time we desire, neither can we dictate what rate we shall charge for our water. We are subjected to a rigid investigation, by the Public Service Commission before we are allowed to issue and sell stock. Public Service Commission allows us for rate making purposes only T_{ij}^{c} of the total valuation of our holdings. Thus you will see it is impossible for us to create a big surplus and therefore when it becomes necessary for us to make extensions we must borrow the money.

Last year Muncie incorporated about 7,000 additional houses. We must extend our water mains into this new territory. The Public Service Commission has authorized us to issue and sell \$250,000 of our \$100 par value 8% accumulative first preferred stock and this money is to be used for making these extensions.

This stock is tax free to citizens of Indiana, non assessable, pays its dividends every ninety days; next dividend date December 15th, sold for cash \$100.00 par on the partial payment plan, \$5 cash and \$5 per month per share. We allow 800 on payments as they are made. We do not charge interest on the money you owe us.

We will at your option negotiate the sale of any stock you own issued by the Muncie Water Works Company and give you back every cent you put in with all accrued interest up to the day we make the transfer. We can prove upon request our ability to render you this service, gratis.

Our General Manager of the Securities Department will be in Rushville and vicinity Thorsday and Friday of this week, and will take up the matter in detail with anyone desiring further information. For appointment, address Muncie Water Works Company, care of Republican.

FIRST PROGRAM TONIGHT

"Win My Chum" Week to be Observed Here and at Milroy

The special program for "Win My ! Chum Week," given by the Epworth . gram at the first meeting of the con- League of the St. Paul's M. E. church, will be given tonight at the church commencing promptly at is as follows, it is learned on high-lo'clock and the public is invited to attend. The program tomorrow night will be given at Milroy, and members will meet at the Scanlan Hotel at 6:45, and machines will be furnishconsiders this alliance a menace to cd. It is planned that a large delegation from here will attend the services at Milroy.

> On Thursday night the meeting will again be conducted at the Methodist church in this city.

Dyed Her Wrap, Skirt, Sweater, and Draperies

Mrs. Helen O'Reilly has been granted an allowance of \$5 a week support from her husband, John J. O'Reilly, a blacksmith of this city in the Shelby circuit court pending a divorce action in that court between the couple.

A BUILDING BOOM

Milwaukee, Nov. 15—Milwaukee's huilding inspector announces 1921 will be the biggest building year in the city's history.

Every "Diamond Dyes" package tells how to dye or tint any worn, faded garment or drappry a new rich color that will not streak, spot, fade or run. Perfect home dyeing is guaranteed with Diamond Dyes even if you have never dyed before. Just tell your druggist whether the material you wish to dye is wool or silk, br whether it is linen, cotton, or mixed goods. For fifty-one years millions of women have been using "Diamond Dyes" to add years of wear to their old, shabby waists, skirts, dresses, coats, sweaters, stockings, draperies, hangings, everything!

Our Business Has Been Built By Dealing Fair With the Public

NEW SCHOOL LAW IS SATISFACTORY

All Over State Reports Are Received That Altendance in Schools is Better Than Ever Before

HIGH AVERAGE 98.7 PERCENT

Arrests Made Thus Far by Attendance Officers of Parents Have Been Comparatively Few

Indianapolis, Ind., Nov. 15 .- The new compulsory attendance school law is working out to the satisfaction of school authorities generally, according to an announcement from the office of the state superintendent of public instruction.

From all over the state reports are being received to the effect that attendance in public schools is far better than ever before in the history of the school system.

The schools in the seventeen townships of Kosciusko County in the northern part of the state are taken as an example. The average attendance there for the month of September was 98.3 percent. The highest average in the state for any one county in previous years was 98.7 percent, but a vast majority of counties fell far below this figure.

The report for Kosciusko County as compiled by Jesse Bruner, superintendent of schools in that county show that in three townships, the schools lost an average of about one day in one hundred, figuring on the record made during the month of latives in Arlington. September.

Arrests made thus far this year by attendance officers of parents, charged with failing to send their children to school, have been comparatively few as compared with recent years, but these arrests are having a good effect, according to reports reaching the office of the in Wayne county. state superintendent of instruction

STATE POTATO SHOW TO BE HELD IN JANUARY

To be The Biggest Exhibition of Indiana Potatoes Ever Brought Together At One Time

\$600 TO BE GIVEN IN PRIZES

Lafayette, Ind., Nov. 15-The man that scratches around in the back yard in the hope that he might raise a few scrawny spuds and the wholesale potatoe producer will be taught how to produce potatoes efficiently in Indiana, it was announced today.

Free classes will be given at the first annual Indiana Potato show during farmers week to be held here in January, the announcement said. This show, it is said, wll be the

biggest exhibition of Indiana potatoes ever brought together.

Substantial prizes have been arranged for every variety grown in Indiana, More than \$600 has been set aside for this purpose.

Rural New Yorkers, Bull Moose, Early Ohio and Irish Cobblers varicties are expected to "run in the money" because these are said to be best for Indiana conditions.

MORE ATTENTION PAID TO PROBLEMS OF MARKETING

Washington, Nov. 15.—According to reports of the Bureau of Markets of the United States Department of Agriculture, 38 states are now giving special attention to the marketing of farm products. In 31 of these states agencies to carry on the work have been created by legislative or executive authority. In the remaining seven the marketing agencies are a part of some already, existing administrative agency or are connected with state agricultural col-

Many Organizations Endorse Drive For Corn From Farmers For Near East Sufferers

ELEVATORS HANDLE IT FREE

Gov. McCray, Who is Keenly Interested in Movement, Acts as Honorary Chairman

Practically all of the agricultural organizations of Indiana have consented to co-operate with Near East Relief in the appeal to farmers of to go on an errand of mercy to the starving children of the Bible lands.

During this week, farmers whose sympathies go out to these helpless orphans are asked to deliver the grain to the nearest elevator where it will be handled free. Governor McCray who is keenly interested in the plight of Armenia is honoray chairman of the Near East Relief agricultural committee. Prof. G. I. the committee includes I. Newt Brown, secretary State Board of Agriculture; George C. Bryant, statistician U. S. department of agriculture; Everett McClure, former master state grange; C. B. Riley, secretary Indiana Grain Dealers' Association; Charles Brown, president Indiana Corn Growers' Association; Prof. R. A. Ogg, farm specialist; Carl W. Sims, director Indiana Millers' Association; Edgar H. Evans, emor McCray.

The directors of the Indiana Fedcration of Farmers' Associations through Secretary P. H. Cranc, have sent a strong endorsement of the who is directing the appeal. The the sense of the board of directors mers' Associations that contribufor a worthy cause and those members who feel able should give

grain or money for the relief of the destitute in the countries reached by this agency".

REDUCED PRICES on Discontinued Patterns In HOOSIER CABINETS

HOOSIER Cabinets have always been sold at low prices, which have been fixed by the factory at a figure consistent with the great economies made possible by HOOSIER'S quantity production. Heretofore it has been impossible for any dealer to offer the HOOSIER at a discount.

But right now we have on hand a miscellaneous collection of HOOSIER Cabinets in models that have been discontinued. We have received permission from the makers to put special prices on particular cabinets in order to clear them out.

The values are so unusual, and the reductions so drastic, we do not expect to be able to continue this offer very long. If you are wise, you will come in at once and select one of these specially priced HOOSIERS. The opportunity may not occur again in a lifetime.

The models offered in this sale are genuine HOOSIER Cabinets. Each bears the name and is backed by the endorsement of the Hoosier Manufacturing Company. It will certainly pay you to buy while our supply of these reduced-price models lasts.

HALF MILLION OF **CLUBS OPERATED**

Approximately \$5,000,000 in Prize Gov. McCray Discussed With Secre-Money Awarded American Girls And Boys

PIG CLUB ASSET TO FARMER

America Interested and Distributes Good Stock.

Peoria, III, Nov 14.-Nearly a calf clubs were conducted in the United States this year and approximately \$5,000,000 was awarded in prize money to American farm boys and girls who carried ribbons away at state and county fairs. Commenting on the popularity of these shows, President C. G. McCahan, of the Poland China Breed Promotion Com-

"The pig and calf club is the biggest asset to the American farmer today. Through this medium two purposes are served-distribution of pure bred stock on the farms and the keeping of young America interested in agricultural pursuits. The best welfare of the country and the building up of a stable agriculture in the hands of the American farmer.

"We talk of Americanizing the shop and the factory, but we have forgotten the farm. We are not doing much to keep the American boy from seeking the city, lured by bright lights and intensified jazz. Boys and girls clubs will do more to interest the young in farming than any other influence. It gives them something that commands their best efforts. This will keep the land in the hands of American farmers and will make a million happy homes in the next themselves in animal industry and thereby settle one of the big problems that confront the American

TO STABILIZE PRICE OF CORN

tary Wallace Possibility of Federal Aid

GOVERNMENT IN BUSINESS

C. G. McCahan Says it Keeps Young Suggested That United States Buy Corn and Store it Until it Is Needed

Indianapolis, Ind., Nov. 15.—With half million boys and girls pig and a view to stabilizing the price of corn as a means of relieving the present farming situation, Governor Me Cray on his recent visit to Washington discussed with Secretary of Agriculture Henry C. Wallace the possibility of financial aid from the Federal government. Governor Mc-Cray suggested that the government purchase corn and dispose of it to destitute European countries or store it in this country until time when it will be needed.

> "The law of averages would suggest that we cannot expect a contimuation of excessive corn yields. The low price on the present crop will mean that the average of next year's crop will be greatly reduced," said Governor McCray.

Governor McCray is very much enconraged as to the future outcome of the plan judging from the attitude taken by Secretary Wallace and his willingness to discuss it in detail. The Governor has a deep interest in the farmer's problems and the taking up of this plan with the Secretary of Agriculture is one of his most recent acts designed to relieve their financial stress.

"Corn is selling at a price so low as to cause the possible disruption of agriculture in areas of Indiana and other corn belt states where it is generation, because the boys and the principal money crop," said the girls can make money and educate Governor. "If the farmer cannot get a fair price for his corn over the cost of production, his buying power is destroyed. Without the buying power of the farmer, industry must stop. So fundamental is agriculture to industry in general, and therefore to national welfare, that the government cannot afford to permit it to: remain prostrate. It is too important a cog in the wheel of com-

merce. But throughout the corn belt the farmers are suffering as a result of the low price of corn-their chief crop. If the Federal government through the War Finance Corporation buys some of the present erop to store in this country or resell to famine-stricken countries across the sea, even on a basis of long time credit, the situation will be materially relieved.

"I am confident if such a plan

could be put in operation it would retary of the Treasury and the Seimmediately restore confidence, promote industry, advance business of all kinds and be the means of saving our most important and universal industry."

PLANS TO BE FORMULATED TO WAREHOUSE CORN CROP

Washington, Nov. 15-The directors of the Wax Finance Corpora-

cretary of Agriculture, will appoint a committee for the purpose of investigating and developing plans for warehousing corn on a large scale. It is believed that ways and means may be found by which a considerable part of the large surplus now on hand may be safely stored and financed on a sound business basis until it can be marketed

ers in the corn belt as well as to the entire nation. The membership of the committee will be announced shortly.

BIG SAVING FOR FARMERS

Chicago, Nov. 15-Officials of the American Farm Bureau Federation estimate the recent cut in hay and grain rates ordered by the Interstate Commerce Commission will save tion, with the approval of the Sec- or utilized, with benefit to the farm- the farmers \$40,000,000 annually.
